TO WHOM IT MAY CONCERN

My association with Leon Saven as an architect spans some 20 years.

I am a property developer, quantity surveyor & contractor and over the period of our client /architect relationship Leon Saven Design has successfully designed and completed a wide variety of projects for me.

The largest project undertaken was the design and supervision of the office building known as the Hudson in Hudson Street, de Waterkant Cape Town.

It is a 10 storey AAA grade multi-tenanted office building, constructed at a cost exceeding one hundred million Rand.

In addition to the design of the building he undertook the interior design and fit out of many of the tenants in the Hudson, inter alia: CNBC Africa, Credit Suisse Bank, Purpleberry Creative Agency, Thought Express IT, Vantage Capital, Trematon, and many others.

To any client who desires a creative well-executed quality design professional service, I have no reservation in recommending Leon Saven Design.

Yours faithfully,

Gerald Phillips
